

The Department of Budget and Management, Regional Office V (DBM- RO V) facilitated the conduct of Full-time Delivery Unit meeting with Camarines Norte State College (CNSC) on October 25, 2019 at the Amphi-theater, CNSC Main Campus, Daet, Camarines Norte.

Prior to the meeting the DBM team headed by DBM RO V Director Renato M. De Vera conducted site visit to the satellite campuses – College of Agriculture and Natural Resources in Labo, College of Trades and Technology in Jose Panganiban, and Entienza Campus in Sta. Elena on October 24. They looked on the completed and ongoing projects of the college and if said projects are promptly implemented in accordance with set budget, guidelines and timelines.

CNSC President Dr. Rusty G. Abanto warmly welcomes the DBM team and proudly shares what CNSC is currently doing in its continuing efforts to become a world class university.

Director De Vera expressed delight for being back in Daet where he worked before. He then stated the rationale of the activity which is to address the underspending on resources utilization and to provide necessary technical assistance, closely monitor implementation of projects and checked on catch-up plans to be taken to address circumstances that hinders accomplishments of programs and projects of the institution.

Ms. Jennifer Barcoma, Budget and Management Specialist discussed about DBM Updates including Cash-based Budgeting, Motor Vehicle Delisting, CHED Tulong Dunong Program, SUC Levelling and NBC 461 Implementation and Revised Organizational Structure and Staffing Standards for SUCs.

Dr. Abanto presented to DBM and to other attendees which includes the deans, directors and heads of offices of the college the Physical and Financial Accomplishments including Budget Utilization of Earmarked Income, Status of CYs 2018 & 2019 Capital Outlay Projects, Charged to Income and General Appropriations Act, and the Catch-up Plans implemented for CY 2019

The close collaboration with DBM and CNSC is expected to further improve capacity to utilize prescribed budget, track progress of a project and compliance to financial requirements and finally update monitoring of agency's performance to ensure wise resources utilization.
